User experience designer with a BA in Graphic Design, formal UX/UI design training, and ongoing full-stack development education. Skilled in user research, information architecture, wireframing, rapid prototyping, and usability testing. Proficient in Figma, Adobe Creative Suite, HTML, CSS, and JavaScript, with experience collaborating on design projects and creating user-centered digital experiences.

TECHNICAL SKILLS

UX Skills: User Research, Information Architecture, User Flows, Prototyping, Wireframing, UI Component Design, Usability Testing
Design Software: Figma, Adobe Creative Suite (Acrobat, After Effects, Illustrator, InDesign, Photoshop, XD)
Front-End Development: HTML5, CSS3, JavaScript ES6, Bootstrap, Responsive Web Design, DOM Manipulation
Developer Tools: Git, GitHub, Visual Studio Code, Command Line

SELECTED PROJECTS

Cafehunt Mobile App Prototype | UX Design | kmillerjr26.github.io/portfolio/cafehunt.html

- Collaborated with another designer to research and prototype Cafehunt, an app that helps users discover local coffee shops based on personal preferences
- Conducted user research through 5 interviews and 64 survey responses, identifying demand for an online order system to reduce wait times in-store
- Conducted usability tests with 3 participants, using feedback to redesign transition animations and improve visual hierarchy

Polyphony Mobile App Prototype | UX Design | kmillerjr26.github.io/portfolio/polyphony.html

- Independently researched and designed a high-fidelity prototype for Polyphony, a musician-finder app for bands and musicians to connect and collaborate with one another
- Conducted survey with 20 participants to identify musicians' collaboration preferences and conducted competitive analysis to discover Polyphony's position in the market
- Exhibited interactive prototype in a public gallery for visitors to explore on a smartphone and desktop computer

PROFESSIONAL EXPERIENCE

Related Experience

George Mason University Integrated Enrollment Marketing (IEM) | Fairfax, Virginia *February-September 2021*
Graphic Design Intern

- Collaborated with cross-functional marketing teams to design digital and print materials for university admissions and recruitment, including email graphics, postcards, and infographics
- Conceptualized and developed creative direction for university social media campaigns and marketing materials
- Designed social media content (Facebook, Instagram, Twitter) to support user engagement with Mason Admissions' social media accounts while maintaining brand consistency

Additional Experience

Office Depot | Sterling, Virginia *September 2023-present*
Team Lead

- Managed cash handling, sales floor inventory processes, security overrides, and daily store operations while continuing to perform duties as a Print Service Advisor
- Resolved customer questions and concerns both in person and over the phone with a high degree of professionalism
- Awarded Employee of the Month three times for outstanding sales performance and customer satisfaction

Office Depot | Sterling, Virginia *July 2022-September 2023*
Service Advisor - Copy and Print Department

- Communicated with customers to identify printing needs, recommend tailored solutions, and set production deadlines
- Troubleshot hardware and machine-related issues, escalated unresolved issues to technical support, and documented service calls to track repair status and reduce equipment downtime
- Managed high-volume workflows independently in a fast-paced environment to ensure timely order fulfillment

EDUCATION

George Mason University - Graphic Design, BA; Web Design Minor *August 2019-December 2022*

The George Washington University - College of Professional Studies - UX/UI Design Certificate *February-August 2023*
